Hi Carl:

Right now our only on-site work is the rebuild of GNBC Office Area. Core hours are 07:30-16:30 but there may be need for later hours. They haven't worked on Saturday yet but it may be necessary if they fall behind. They need to be finished with everything by March 18<sup>th</sup>. Chad is working off-site with Ben on our site reports. Priority right now is the tree report. Once that is finished and approved by Lyndsey, we will schedule release of the trees to the resident. Please keep an eye out for those manifest that you mailed. As of now, we have yet to receive them. A folder is on the desk with the other signed manifests.

Attached is:

- The OSC Log pdf
- OSC log excel sheet for you to populate
- Weston to do list
- The last GES DWO
- The next DWO for you to revise

Thanks

Regards,
